

Masses For The King And Prince

A GREAT CROWD AT THE PORT STREET CATHEDRAL THIS MORNING, TO TAKE PART IN SERVICES FOR THE VICTIMS OF THE LISBON OUTRAGE—REQUIEM HIGH MASS BY RIGHT REV. BISHOP SILVA.

Probably nowhere on earth did more different races and nations gather together to do solemn honors to the victims of the recent great tragedy in Lisbon than in Honolulu this morning. The big Catholic Cathedral on Fort street was crowded to the doors at half past ten this morning, that being the hour set for services in memory of the assassinated royal father and son. The cathedral was draped with black for the occasion and most of the vast assemblage, especially the representative men of Honolulu in official and commercial life and the consular representatives, were in deep mourning.

The solemn and impressive ceremonies of a requiem high mass were conducted by the visiting bishop, the Rev. Bishop Silva, assisted by Fathers Mathias, Francis and Stephen. Local Portuguese attended in very large numbers, and all Honolulu joined with their feelings of sorrow over the king shot down in the prime of life and the prince cut off just at the threshold of manhood.

Governor Frear and the members of his administration had prominent places near the chancel and opposite them were the various foreign consuls in Honolulu, the Chinese representative being conspicuous in the uniform of his own country. Former vice consul Goo Kim was also present.

Among those present at the services were Admiral Very, Paymaster Brooke, Lieut. Fay, U. S. M. C., Major Dunning, Lieut. Wrighton, Lieut. McCleary, Supreme Court Judges Hartwell and Ballou, Judge Lindsay, Governor Frear, and many others.

AN ENTERPRISING MERCHANT
K. Yamamoto is the biggest importer of Japanese goods in Hawaii. Every steamer from the Orient (tramp or passenger) brings him the largest shipment consigned to one firm. By getting his goods in large quantities the freight and other charges are greatly reduced which enables him to undersell all competitors.

JAPAN'S POLICY

MANY ASSURANCES AND ANNOUNCEMENTS OF MOSTLY PEACEFUL NATURE.

TOKIO, January 25.—The program for today's session of the Diet, including the speech of Foreign Minister Viscount Hayashi regarding the immigration question, was suddenly changed and the speech was postponed until January 30th, when it is expected that Viscount Hayashi will outline definitely the plans of the Government for use restriction of emigration to America and Canada.

It is understood that the postponement was due to the fact that a reply from the American Government to the last memorandum from Japan was expected to be handed to the Foreign Office this afternoon.

Since the delivery of its last memorandum the Japanese Government has issued the most stringent instructions to all Governors and other officials concerning the regulation of future emigration along the lines of the future definite policy of restriction, which include the prevention of the emigration of laborers to America and Canada except under given conditions, which will be satisfactory to the Governments of both of these countries. No laborers will be permitted to emigrate to Mexico.

Evidence of the determination of the Japanese Government is shown by an official order issued to emigration companies today wherein all emigration to the Hawaiian Islands is absolutely prohibited except in the case of relatives of Japanese already residing

MAN COUNT BONI HIT

NEW YORK, January 25.—Americans do not like rough-and-tumble fighters any more than other refined people do, but the whole country is still in a broad grin of undisguised enjoyment over the exploit of those two funny little men, Count Boni de Castellane and his cousin, Prince Helie de Sagan, in pummeling each other on the steps of a church in Paris. That Boni should step in the Prince's face on the church steps, and that the Prince should retaliate by a slap on the wrist, which

ELLA WHEELER WILCOX GREETING TO HONOLULU

A VERSE TO THE BEAUTIES OF HONOLULU BY THE VISITING POETESS—ONE OF AMERICA'S MOST NOTED WOMEN HERE VISITING, GIVES HER IMPRESSIONS AND A VERSE TO THE STAR.

To Honolulu—Princess of Mid Ocean.

Ella Wheeler Wilcox is in Honolulu, at the Hawaiian Hotel, and that hotel is therefore, for the time being, a world center of advice to men and maidens, love-letters and otherwise, and the gifted authoress is besieged with letters and callers.

In the human body there are nerve centers, emotional headquarters as it were. In the great body of this world's humanity there are corresponding centers, sometimes called psychic centers, which is another way of saying that there are particular places on the globe where certain senses are more manifest than elsewhere.

Honolulu is a psychic center, so is Los Angeles, also New York, likewise London, and Paris and a little place in Ireland, and a big place in Russia, by the same token.

There are others, but Honolulu happens to be where Ella Wheeler Wilcox is at present exerting an immediate influence.

THE LEPER AGENT HERE

San Francisco's proposition to dump its leper colony onto Hawaii has taken very tangible form, as was evidenced by the arrival here yesterday of P. C. Rossi, a member of the Grand Jury of the coast-city for the purpose of negotiating the matter. He called on Governor Frear this morning, but aside from introducing himself and his business here, little was accomplished of definite character, and another conference will be held shortly.

The press reports of San Francisco's desire to dispose of its unfortunates at the expense of the Territory has already

BIDS ON THE DAM

ONLY FOUR CONCERNS ENTER THE COMPETITION TO COMPLETE THE BIG NUUANU VALLEY CONTRACT—SUPERINTENDENT CAMPBELL ANNOUNCES SOME CHANGES IN PLANS WHICH MAY COMPLICATE MATTERS—WHITEHOUSE'S BID IS THE LOWEST.

L. M. WHITEHOUSE \$123,445 00
WILSON & CHAPIN 134,560 00
W. H. HOOBS & CO. 129,475 00
C. S. HOLLOWAY 142,800 00

Bids were opened today at noon for the completion of the Nuuanu Dam and reservoir in accordance with plans and specifications prepared by the Public Works Department. The lowest bidder for the completed dam is L. M. Whitehouse, whose bid is \$123,445. The next lowest bidder on the same proposition was W. H. Hoogs & Company with a bid of \$129,475.

There were but four bidders. Besides the two just mentioned, Wilson & Chapin bid \$134,560; and C. S. Holloway \$142,800.

The appropriation made available for

the work by the loan fund of the last Legislature is \$132,000, so that it would seem that the work can be completed easily within the amount estimated. Each of the bidders accompanied tenders with certified checks for \$5,000 according to the terms of the advertisement, and made separate bids for various detailed parts of the work. The bid as given above are for the dam completed with a revetment or lining on the inside of stone pavement. Tenders were also asked for this same revetment in concrete, but the tenders on this basis probably puts the concrete out of question. These bids ran from \$128,445 for the lowest to \$146,300 the highest.

ASK FOR MOANA

THE BEACH HOTEL IS GREATLY MISSED BY ARRIVALS ON THE MONGOLIA.

In view of the big passenger list on the Mongolia and the many calls by tourists for the Moana, there is already some discussion of reopening that hotel. The fact is that the Moana has a reputation that is world wide, for location, service, etc., having always maintained a splendid standard, and the result is that a very large proportion of the arrivals here ask for the Moana about the first thing after they land.

"Everybody says if you go to Honolulu, go to the Moana," is what various visitors arriving yesterday said, and they were much disappointed at not being able to do so. It is not that the Young is not appreciated, or did not give them fine treatment, but rather that they had heard of the Moana. Its praises sung by previous visitors had made them anxious to visit it. Another fact made apparent is that nearly all the visitors of the tourist class seem to want to live at the beach.

The Moana is altogether closed down. Several local people have been allowed to retain their rooms, but the dining room, which has so long won the praises of visitors of all sorts, both for its splendid service and its location, is shut up.

The Young was quite enlivened by the Mongolia arrivals. Her list was the biggest for some time, and is regarded as indicating a great improvement, since the financial panic caused a general suspension of travel.

WILL SUE TRANSIT

WAILAE COMMITTEE NOT SATISFIED AND WILL ADVISE SUING RAPID TRANSIT.

A committee from the Wailae, Kaimuki and Palolo Improvement Club and representatives of Beretania street interests yesterday afternoon called on the directors of the Honolulu Rapid Transit & Land Company, by appointment, to hear the result of petitions sent in from Kaimuki and Beretania residents for a ten-minute service of the Wailae system during busy hours of the day.

At a meeting on September 3 it was agreed to put in the ten-minute service in busy hours instead of running the twenty-minute service all day, and the petitioners were but asking for the fulfillment of what had been promised them.

The first advancement made by the directors was that it was up to the committee to admit that the Rapid Transit had a right to expect a fair return on the money invested and next it was stated by the directors that a return of three per cent was all that had been realized.

It was in the nature of a hard luck story, the account of the directors, and
